

Chemical Enclosure

Mounting Instructions:

1. Diagrams below show a typical installation. Enclosures may be mounted horizontally or vertically or a combination of both. (An alternate installation with the dispenser raised above the enclosures is shown on the other side of this sheet.)
2. Install short connector into dispenser mounting rail. Then install enclosure mounting rail to short connector. Level enclosure mounting rail, and mark mounting holes. Drill 9/32" (7.14mm) holes in wall and install mounting anchors. Secure mounting bracket with screws provided. Open door of enclosure and position it onto the mounting rail. Secure enclosure to the mounting bracket by rotating the tabs toward the center of the enclosure.

Alternate Installation
